

Mildred

Mildred grew up in Hogeland, Montana and moved to Kalispell in 1951. She worked as a nurse aide for 17 years before retiring to an active live of volunteering.

She has volunteered for RSVP for 17 years with over 16,000 hours of service. She has acted as a visitor for seniors in nursing homes on one end of the age spectrum. On the other end, she taught fourth graders cribbage to help them with their math skills

Mildred used to eat meals at our congregate site until she needed home delivered meals. She is now in a nursing home – a natural progression in life for her. That doesn't keep her from continuing to crochet blankets for people in need, thus continuing her RSVP volunteer service and living a valuable life. All 91 valuable years.
